The County levies property taxes on the 3rd Monday of August which become due and payable in two equal installments on the 1st day of October and March for the General Fund, the Library and Flood Control Districts. The general fund portion is levied on primary assessments and is used for general governmental services. The Library and Flood Control Districts are levied on secondary assessments and used for operations and infrastructure. The Debt service, beginning fiscal year 2006/07, is for repayment of voter approved construction bonds for the Library District. The total adopted tax rate this year is \$3.2819.

The tax rates for the general fund increased slightly to achieve the same levy amount as the prior year plus the new construction due to a reduction in assessed values. The library levy increased slightly due to an overall increase in the assessed values, with the inclusion of new construction. The flood districts levy decreased due to reduced secondary assessed values. Debt Service levies are based on the bond repayment schedule, and should not change substantially from year to year except for changes resulting from assessed values.
